El Jefe California

Burrito is a small Mexican restaurant/takeout located in the beginning of Kaunas old town.

We make the most delicious Californian burritos and authentic Mexican food. We welcome our guests to eat in and enjoy warm and casual atmosphere or to order

takeout.

Not only our food is authentic but also people who cook it. Most of them are from Mexico and other Latin America countries, they came to Lithuania because they wanted to know their Lithuanian roots and heritage. So, they cook how they do it in their countries. And if you are curious, they will always share with you there experiences in Lithuania and their stories from home.
