 I - VII 10:00 a.m. - 9:00 p.m.

CurioCity is the largest edutainment centre in the Baltic States for children between the ages of 1 and 13. This is a place of surprises for both children and parents.

Take a flight in a spaceship, be a member of an ambulance crew, navigate an obstacle course over the burning lava of a volcano, slide down a rainbow, save a

building on fire, solve detective-style mysteries, make a recording in the audio recording studio, or take part in a cookery class. There are venues for workshops and birthdays, an amphitheatre for large events, and many more opportunities to play, experience, learn and feel!
