HIKING TRAILS OF KULAUTUVA

Pušyno g., Kulautuva, Kauno raj.

Three epithets could best describe the resort of Kulautuva in the Nemunas Valley: pine forest, peace and interwar romance. Choose one of six different routes - from 2.6 km long to 6 km long. All trails are circular and can be bypassed in a circle. On the nature trail, you will find the Valley of the Gods and Goddesses, with four resorts located here. It is worth noticing that this whole route is hilly, winding through sandy pine forests, with excellent views of the Nemunas arches. About half a kilometre from the start of the trail, on the quarry bank, there is a beach, which

has been awarded the Blue Flag, and there is also a wakeboarding park.
