Gegužė

More than 600 years ago Kaunas was granted the Magdeburg rights. Kaunas is the only city in Lithuania that is now a member of the New Hanseatic League, which gives the celebration a medieval identity and distinguishes this festival from all other Lithuanian city holidays. Spectators are invited to get acquainted with the culture of the time, music, dances, performances, games, crafts, and knights who fight in international tournament win a sword named for the Lithuanian Armed Forces.
